

# A LOOK BACK OVER 15 YEARS OF THE NATO SMERWG INDUSTRY RECEPTION

2020 Would have been the  
15th anniversary of the  
Industry Reception.

Global events ensured that, to keep safe,  
the event was not held.

This is a look back at the history of the  
Industry Reception which should bring  
back some good memories or be  
informative to those who have not yet  
attended a SMERWG.

Preparations are underway for the  
Industry Reception to be held in support  
of the 2022 Winter panel in Amsterdam  
See the article in this brochure for details
